

USA UNDERWATER HOCKEY
Web Team

Give something back to your UWH community!

Seeking a few volunteers to join the USA UWH web team to help out with redesigning and maintaining the USA UWH website.

Here's a few things we're interested in pursuing:

NEED TO HAVE

Overall restructure of USA UWH website

Make additions and maintenance as needed for non-automated areas on a scheduled basis (not more than 1x per week)

NICE TO HAVE

online membership and dues

Design a system to track requests/suggestions for the website.

Streamline access allowing committee members to make updates (i.e. news on Dev Director Blog, Gov Committee Blog, etc.)

add a mobile version

New projects/ modules based on your interests and expertise

other additions that the team comes up with

We'd like to have a team in place by the end of July, with a full rollout of the new website by the end of the year.

Please contact Tyera - tyera_eulberg@usauwh.com
