

Dear _____,

Thanks for your interest in Underwater Hockey. It's a great sport and USA Underwater Hockey (USAUWH) wants to help you get started. We would like to send you a starter kit we call "Club In A Box" (CIAB).

The kit includes:

- 1) A current copy of the internationally approved rules, with more info on the game of UW Hockey than you can imagine. Things like goal size, playing field, fouls and equipment are all covered.
- 2) A very specialized piece of equipment—the puck
- 3) Sticks, gloves, headgear, and mouth guards for 12-14 players
- 4) A copy of the Beginners DVD. Great visuals to expedite learning
- 5) USOA waivers

This kit is valued around \$450.00, a donation that USAUWH is willing to make to get your team started. What's the catch? It's simple. You and your club need to commit to join USOA as members. You and your club/group will be required to fill out the USOA Waivers and join USOA as dues-paying members. (The dues are a nominal fee of \$25.00/year per person.) We suggest that this be done by the 2nd month of practice. It will encourage a commitment from your players and help stabilize the beginning group. Along with the CIAB, your membership will entitle you to access the experience and knowledge of USAUWH. Our members range from youths to adults, men and women, beginners to seasoned veterans of international competition—a wealth of expertise.

Becoming USOA members will permit you to:

- 1) Participate in regional training sessions and clinics
- 2) Attend tournaments
- 3) Enjoy full access to our website, including our calendar of events, workout programs, drills, and more, as we continue to upgrade our site.
- 4) News letters, e-mail notices, and updates from the development board.
- 5) A mentor club/player to answer your questions as your play develops.

To receive your CIAB, we need a \$100 check made out to U.S. Underwater Hockey. One person needs to fill out the USOA waiver, sign a copy of this letter and send in his/her USOA dues to Tom Redig, 616 Austin St. Downers Grove, IL. 60515. In doing so you are agreeing that all who play with you will become USOA members. While no one wants to contemplate failure, should your group fail to materialize, USAUWH requests you return CIAB so we can send it on to another group. We're a great organization with hundreds of members and we look forward to helping you build your club and seeing you at one of our events.

Sincerely,

Tom Redig & Patty Redig
USAUWH Development Director
